I HAVE JUST RETURNED

From a five weeks trip from New York. The last two weeks of my trip were devoted to buying and looking at ready-made garments for ladies, misses and children. I know this subject is one that will interest the female portion of our population, and I am only sorry that each and every one that is interested in Suits, Coats, Skirts, Raincoats, etc., could not be with me to see the many hundreds of lines and to see how I select the very best from each line. There are probably 15 good lines shown in Maysville by salesmen. Think of that when I tell you that as many as 50 salesmen have called on me in our New York office in a single morning. FACTS WILL OUT. Goods are arriving daily and by next week we expect to have a good showing—enough to convince you that buying goods in September when the new styles come out is something to be proud of. With the exception of four numbers in staple suits there will be NO TWO SUITS ALIKE in our stock, something I feel safe in saying does not occur in another store in the United States in a town as large as Maysville.

I also wish to add that we have secured the exclusive sale of Fern Bros. & Stuman of Fifth avenue line of Suits, prices from \$29 to \$55, the highest class of merchandise ever shown in Maysville. Goods arriving daily. Announcement of our opening later; but a visit at any time will be appreciated.
